

Theme Inspiration Information

The Snooks with Books trail will encapsulate a Yorkshire Bookish theme, fitting of the bookish Snooks themselves.

We're looking for designs that are inspired by the stories of Yorkshire authors and have created this inspiration guide to help your creative flow in submitting designs to us. You may have another author in mind that stems from Yorkshire, this guide is purely some inspiration and not a limitation on your designs.

Designs should be inspired by stories from Yorkshire Authors but not infringe upon the copyright of illustration designs attached to books themselves. We want to see your interpretation of these stories, using them as a starting point for inspiration. The Snooks are so immersed in the books they're reading; the pages have spilled out and they, themselves are now the embodiment of the stories.
